

Did you know, you could be holding a note or insurance policy that could put cash in your pocket today?

Our firm specializes in providing immediate cash for structured payments. We can help if you are receiving monthly, quarterly, semi-annual, or annual payments from:

- ✓ an owner-financed mortgage note
- ✓ a business note
- ✓ a structured lawsuit settlement
- ✓ an annuity
- ✓ a lottery winning
- ✓ or, you are a lawyer getting payments for your fees

We can purchase your payments, in whole or in part, and give you cash now! That means, we give you a lump sum of cash to use now and the payments you normally receive get paid to us.

Don't wait five, ten, or even twenty years to get all the money you are owed! Unlock your money potential today!

We'll give you a lump sum of cash now and our company will receive the payments for the duration of the contract. Or, we can purchase only a

portion of your payments. If you're expecting a payment per month, we can buy twelve months worth of payments. This is helpful if you have an immediate want or need, but don't want to give up all the payments.

We will also purchase life insurance policies; so if you no longer need or want your current life insurance policy, don't cancel it — sell it!

Instead of losing all the hard-earned dollars you've paid into the policy over the last several years, sell it for cash. If you're 70 years or older and in good health — you're eligible! We can hand you a lump

sum of cash for the rights to your policy. This way, you get back some of your money!

We can also help you get the money you need and can use now if you are terminally ill. Money that can be used for medicine, aid, or any other needs you may have.
