

Greetings,

For many individuals and companies alike, coming out of the giving season and into a new year always brings a deeper commitment to helping those less fortunate in our community. Yet, even with the best of intentions, it is easy for that commitment to get buried under the demands of life and business. Add on the fact that each year we see more and more worthy causes to support – homelessness, domestic violence, child abuse, cancer research, elder issues, to name just a few – the decision of who to support can become time consuming, even overwhelming.

But, St. Vincent de Paul can make it easier for you to keep your commitment to community giving through our Quarterly Corporate Gift Program.

At St. Vincent de Paul, it is our vision to provide a brighter future for all. Serving the low and very low income populations throughout North Idaho, we treat people in need with individualized attention using understanding, compassion, and acceptance, and by showing them that they are loved and valued. We provide many different types of social services, such as a child care food program, services to at-risk youth, and career counseling, along with emergency shelters, transitional housing, low-income housing – all of which are geared to help our clients achieve self-sufficiency.

Although our two thrift stores serve to provide the financial support that allows us to start and continue many of our programs, the needs in the community far outpace our available funds. By making a quarterly pledge to St. Vincent de Paul, you can be making a big difference in our local area and in the lives of those who many times slip through the cracks.

Please share our in our vision by joining other corporate sponsors in making a quarterly pledge to St. Vincent de Paul. One of our board members will be contacting you in the near future to arrange a meeting so that we may better explain our mission, hopes, needs, and to answer any questions you may have.

Thank you for helping us help others. Your generosity is most appreciated.

Sincerely,
